REPEATER NETS

Go to our website, <https://www.k6ldf.com>, to see the variety of nets that occur during each week. From time to time there are new nets that are introduced and changes made to others, so check them out. We have a new simplex net on Sunday right after our Swap Net. The net begins on the club repeater at 7:30, in FM mode. Net control will provide frequency information. Then we return to the club repeater for the next frequency. Thank you KO6ALP putting this net forward as an idea to the club.

Our Online Store is now Live. You will be able to buy raffle tickets, renew membership and get some cool SWAG. Check it out.
