REPEATER AND OTHER NETS

Go to our website, <https://www.k6ldf.com>, to see the variety of nets that occur during each week. From time to time there are new nets that are introduced and changes made to others. So, check them out. We have a new simplex net on Sunday right after our SwapNet. The net begins on the club repeater at 1900 (7:00pm) on LDARC repeater in FM. Net control will provide frequency information. Then we return to the club repeater for the next frequency.
